## This is How Your Ticket Purchase Helps

**Often we are asked "What are the Brentwood Lottery proceeds used for"? We will let the people you are helping answer that. The following are testimonials from some of our young adults (age 16 to 21) and their parents.**

- Parent** - Brentwood has saved my son's life and our family without it I am not sure where we would be.
- Youth** - My relationships are becoming healthy. This program is helping me feel good about who I am and forgive myself for what I have done.
- Parent** - Listening to the other parents has given me more positive ways to handle certain situations.
- Youth** - I never excelled in school because I didn't care to try and using was more important. Today I'm going into college to enter the profession I've always wanted to do because of Brentwood.
- Parent** - It helps to know there are a lot of us. I'm not the only family going through these hard times. When I leave here, I have more confidence in myself as a parent.
- Parent** - It has helped me to understand what part to play in my son's addiction and what I can do to help myself (not just my son). Brentwood has given my son a foundation for recovery, a place to go and a family that understands.
- Youth** - Brentwood has helped me learn how to live a meaningful life today and have hope because of Brentwood staff and the other women on program.
- Parent** - My daughter entering and completing Brentwood has given us our daughter back. She completed high school and will be attending St. Clair College in September.
