Thank you all for supporting the Brentwood Lottery.

The Brentwood Residential Addiction Treatment Program has operated continuously throughout the pandemic. We could not do this without the support of the community we serve.

There are not enough words to properly express our gratitude for the great efforts that have been put into this year's lottery. Whether you helped us sell a ticket or were kind enough to purchase one, you have all helped to make this year's lottery a success.

Lottery sales went very well this year and the credit goes to our Staff, volunteers, volunteer vendors and other Community Partners.

Last year our community partners sold a record 5,673 tickets. This year those 51 friends of Brentwood sold a total of 11,357 tickets!

A special thank you to Lakepoint Homes for the beautiful prize home, Motor City Chrysler, Gus Revenberg Chevrolet & Joe Meloche Ford for this year's exciting vehicles.

Our twelve Home Hardware and Home Building Centres went "above and beyond" this year by selling 4,617 tickets!

On another note: We have received some questions around a possible conflict of interest because the winner of the Dream Home is an employee of the Ontario Lottery and Gaming Commission. The Brentwood Charity Lottery is licenced by the Alcohol and Gaming Commission of Ontario (AGCO) not the Ontario Lottery and Gaming Corporation (OLG). The OLG is the Crown Corporation that oversees commercial gaming (Lotto Max, Casinos etc.) and casinos. They are separate bodies and as a result there are no restrictions for OLG employees purchasing tickets in the AGCO regulations. This has been confirmed by the Alcohol and Gaming Commission of Ontario.

Please remember, we hold an "old fashioned" stub lottery and with 46,149 tickets, the winners are completely random, and the draw is overseen by a Windsor Police officer to ensure compliance.

Stay safe and thanks again, we couldn't have done it without you!
